## Who Will Follow This Notice

This notice describes the information privacy practices followed by our employees, staff and other office personnel. The practices described in this notice will also be followed by health care providers you consult with by telephone (when your regular health care provider from our office is not available) who provide "call coverage" for your health care provider.

## Your Health Information

This notice applies to the information and records we have about your health, health status, and the health care and services you receive at this office. We are required by law to give you this notice. It will tell you about the ways in which we may use and disclose health information about you and describes your rights and our obligations regarding the use and disclosure of that information.

## How We May Use and Disclose Health Information About You For Treatment

We may use health information about you to provide you with medical treatment or services. We may disclose health information about you to doctors, nurses, technicians, office staff or other personnel who are involved in taking care of you and your health.

For example, your doctor may be treating you for a heart condition and may need to know if you have other health problems that could complicate your treatment. The doctor may use your medical history to decide what treatment is best for you. The doctor may also tell another doctor about your condition so that doctor can help determine the most appropriate care for you.

Different personnel in our office may share information about you and disclose information to people who do not work in our office in order to coordinate your care, such as phoning in prescriptions to your pharmacy, scheduling lab work and ordering x-rays.

## Family and Friends

We may disclose your health information to notify or assist in notifying a family member, your personal representative or another person responsible for your care about your location, your general condition or, unless you have instructed us otherwise, in the event of your death. In the event of a disaster, we may disclose information to a relief organization so that they may coordinate these notification efforts. We may also disclose information to someone who is involved with your care or helps pay for your care. If you are able and available to agree or object, we will give you the opportunity to object prior to making these disclosures, although we may disclose this information in a disaster

even over your objection if we believe it is necessary to respond to the emergency circumstances. If you are unable or unavailable to agree or object, our health professionals will use their best judgment in communication with your family and others.

We may disclose health information about you to your family members or friends if we obtain your verbal agreement to do so or if we give you an opportunity to object to such a disclosure and you do not raise an objection. We may also disclose health information to your family or friends if we can infer from the circumstances, based on our professional judgment that you would not object. For example, we may assume you agree to our disclosure of your personal health information to your spouse when you bring your spouse with you into the exam room during treatment or while treatment is discussed.

## For Payment

We may use and disclose health information about you so that the treatment and services you receive at this office may be billed to and payment may be collected from you, an insurance company or a third party. For example, we may need to give your health plan information about a service you received here so your health plan will pay us or reimburse you for the service. We may also tell your health plan about a treatment you are going to receive to obtain prior approval, or to determine whether your plan will cover the treatment.

## For Health Care Operations

We may use and disclose health information about you in order to run the office and make sure that you and our other patients receive quality care. For example, we may use your health information to evaluate the performance of our staff in caring for you. We may also use health information about all or many of our patients to help us decide what additional services we should offer, how we can become more efficient, or whether certain new treatments are effective.

## Appointment Reminders

We may use and disclose medical information to contact and remind you about appointments for treatment or medical care at the office. If you are not home, we may leave this information on your answering machine or in a message left with person answering the phone.

## Sign-in Sheet

We may use and disclose medical information about you by having you sign in when you arrive at our office. We may also call out your name when we are ready to see you.

## Treatment Alternatives

We may tell you about or recommend possible treatment options or alternatives that may be of interest to you.

## Health-Related Products and Services

We may tell you about health-related products or services that may be of interest to you.

Please notify us if you do not wish to be contacted for appointment reminders, or if you do not wish to receive communications about treatment alternatives or health-related products and services. If you advise us in writing (at the address listed at the top of this Notice) that you do not wish to receive such communications, we will not use or disclose your information for these purposes.

#### **Research**

We are also required by law to report cases of occupational injury or occupational illness to the employer or workers' compensation insurer.

#### **Public Health Risks**

We may disclose health information about you for public health reasons in order to prevent or control disease, injury or disability; or report births, deaths, suspected abuse or neglect, non-accidental physical injuries, reactions to medications or problems with products.

#### **Health Oversight Activities**

We may disclose health information to a health oversight agency for audits, investigations, inspections, or licensing purposes. These disclosures may be necessary for certain state and federal agencies to monitor the health care system, government programs, and compliance with civil rights laws.

#### **Lawsuits and Disputes**

If you are involved in a lawsuit or a dispute, we may disclose health information about you in response to a court or administrative order.

Subject to all applicable legal requirements, we may also disclose health information about you in response to a subpoena.

#### **Law Enforcement**

We may release health information if asked to do so by a law enforcement official in response to a court order, subpoena, warrant, summons or similar process, subject to all applicable legal requirements.

### **Coroners, Medical Examiners and Funeral Directors**

We may release health information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death.

#### **Proof of Immunization**

We will disclose proof of immunization to a school where the law requires the school to have such information prior to admitting a student if you have agreed to the disclosure on behalf of yourself or your dependent.

#### **Specialized Government Functions**

#### **Information Not Personally Identifiable**

We may use or disclose health information about you in a way that does not personally identify you or reveal who you are.

#### **Change of Ownership**

In the event that this medical practice is sold or merged with another organization, your health information/record will become the property of the new owner, although you will maintain the right to request that copies of your health information be transferred to another physician or medical group.

#### **Breach Notification**

In the case of a breach of unsecured protected health information, we will notify you as required by law. If you have provided us with a current email address, we may use email to communicate information related to the breach. In some circumstances, our business associate may provide the notification. We may also provide notification by other methods as appropriate.

#### **Other Uses and Disclosures Of Health Information**

We will not use or disclose your health information for any purpose other than those identified in the previous sections without your specific, written Authorization. If you give us Authorization to use or disclose health information about you, you may revoke that Authorization, in writing, at any time. If you revoke your Authorization, we will no longer use or disclose information about you for the reasons covered by your written Authorization, but we cannot take back any uses or disclosures already made with your permission.

If we have HIV or substance abuse information about you, we cannot release that information without a special signed, written authorization from you that complies with the law governing HIV or substance abuse records.
